

GOV. HARMON RENOMINATED AT THE DAYTON CONVENTION

Ohio's Chief Executive Eulogized by Democracy and His Promotion is Predicted.

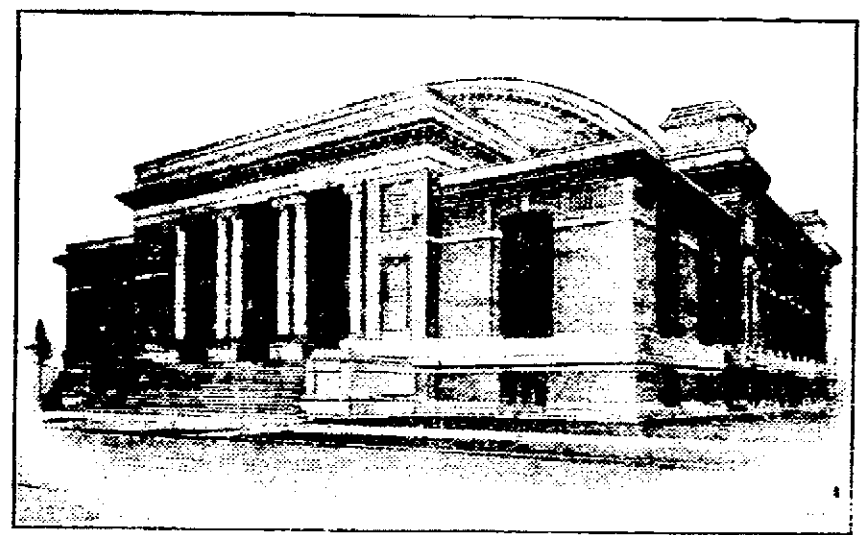

Resolutions Do Not Recognize Senatorial Endorse- ment and Tariff Revision is Favored---Cam- paign Issues Outlined by Hon. Atlee Pomerene, Who Sounded Keynote.

Dayton, June 22.—Judson Harmon today was renominated for Governor of Ohio by acclamation and with cheers by the Democratic State Convention. Alfred N. Cohen of Cincinnati in a speech praising Governor Harmon's administration and public life made the nomination.

Summing up Governor Harmon's qualifications Cohen said: "Thus briefly we come to know why Governor Harmon looms large in the public eye. He is honest, he is able, he is industrious, he has the courage of his convictions, he is the finest type of American citizenship, which means that he is one of the truest gentlemen in the world."

"We shall nominate him for governor today. The people will elect him in November. He, please God, will fill out his second term and after a short interval will be the next tenant of the White House."

Governor Harmon was endorsed for the presidency in the following resolution presented by the resolutions committee: "We invite the attention of the nation to Judson Harmon and the work he is doing for Ohio. Two years hence it will have been completed. We can then spare him for larger duties. He believes that guilt is personal, acting on that belief at home and would act upon it in wider fields. A high sense of duty provides his only motive for official action and his sense of justice alone compels judgment. Firmness and strength mark him the man to supplant vassalage and weakness. The nation needs a real man and the Ohio Democracy presents and indorses him for the presidency in 1912—Judson Harmon."

Where the Democrats Are Holding Their State Convention.

The convention failed to nominate a lieutenant-governor on the first ballot, and Atlee Pomerene of Stark county, withdrew his name, but on the second ballot the convention stamped for him and he was nominated by acclamation. The first vote was: Pomerene, 510 1-2; Daniel Mooney, of Anguize, 290; Chas. W. Kempel of Summit, 200, and Geo. C. Beis, of Sandusky, 81 1-2. Pomerene said he would take time to consider the nomination.

Senator Richard A. Beatty, of Wood county, shortly before the convention was called to order, today withdrew from the race for state treasurer against D. S. Creamer. In the event that Charles W. Kempel of Akron, is defeated for lieutenant-governor, the opposition to Governor Harmon will present the name of Isaac Meyers of Akron. The committee on rules and order of business this morning changed the usual order of nominations, advancing the judicial nomination to a place immediately following that for lieutenant-governor. The effect of the change is to strip the fight over judicial nominations of geographical and trading handicaps that have resulted in many a poor candidate.

Judge Maurice Denahue, of Perry county, was nominated for supreme court judge on the first ballot, and James Johnson, of Springfield, Clark county was made the second nominee.

MORE TROUBLE AT ZANESVILLE

Zanesville, June 22.—E. R. Cox, prominent temperance worker and dry deputy, was assaulted at the door of the Prohibition state convention last night by Otto Tracy, former chief of police. Cox was badly beaten up. He is now out on bond for having shot Robert Hazen, a former brewery employee last Friday night in a brawl following a raid on Tracy's restaurant.

HYDE MAY GET A NEW TRIAL

Kansas City, June 22.—Judge Ralph S. Latschaw, of the criminal court, intimated in an interview here today that he might grant a new trial to Dr. E. C. Hyde, recently convicted of having poisoned Col. H. S. Swope.

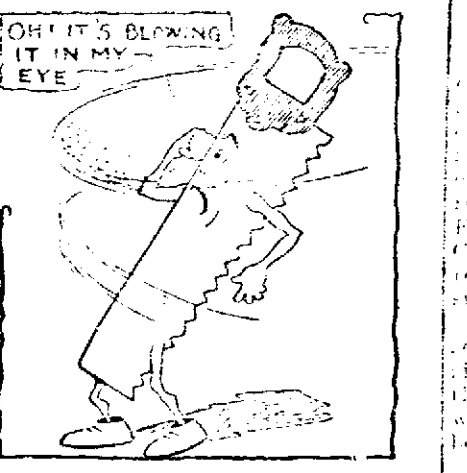

JACK LONDON IN TROUBLE

Oakland, Cal., June 22.—Following a late row in which he was badly beaten by a man, Jack London, the author, who came west to report on Jeffries-Johnson fight for a New York newspaper, appeared in police court today to prosecute the bartender who beat him.

GETS ATTACHMENT AGAINST CURTISS

Minneapolis, June 22.—Glenn H. Curtiss, who appears in the Twin Cities aviation race, today was served with a writ of attachment for \$10,000 by the state of Minnesota, against the state of the property, H. R. Taylor, the Curtiss company, who was the attachment against him. Curtiss is attempting to convert his airplane from creditors.

LIGHTNING KILLS THORNVILLE MAN WHILE PLOWING

Frank Boyer, a farmer residing about three miles south of Thornville, was instantly killed by lightning Tuesday afternoon while plowing in a cornfield. Mr. Boyer, accompanied by a son, had gone to the field to finish a job of plowing. When the storm came up he decided to return the horses to the barn, and was unfortunally when the bolt struck. The horses were also killed. The sun witnessed the accident. Mr. Boyer was 40 years of age and is survived by a widow and several children. He was a member of the Mt. Zion church, from which place the funeral will occur Thursday morning at 9 o'clock. Rev. Parks officiating. Interment will be made in the church cemetery.

COLUMBUS EXPECTS A CAR STRIKE

Company Will Not Agree to Accept Arbitration Board's Decision

BIG MASS MEETING TODAY

Business Men and Board of Trade Urge Union to Hold Off Strike During Exposition.

Columbus, June 22.—Positions assumed yesterday by union leaders of Columbus Railway and Light Company employees and officials of the company indicated that the mass meeting of the men at 121 1-2 East Town street today would result in a tentative strike declaration, the effectiveness of which would be predicated on whether or not officials of the company would be willing to accept the finding of the state arbitration board as final in case both interests agreed to arbitrate.

A statement issued by General Manager E. K. Stewart of the company, yesterday, reiterated that the company would submit to a hearing before the arbitration board, but with no promise of accepting the board's decision as final, and this attitude probably will be regarded by the men as sufficient grounds for drastic action.

Sentiment of a majority of the men assembling for the meeting seemed to oppose a strike during the industrial exposition. The majority seemed to wish to accede to a request of business men, contained in a petition started yesterday by Richard Ackland, and liberally signed by merchants and others, urging a delay in the precipitation of the talk of a strike, but at the same time the men expressed the fear that if the strike were delayed and the company permitted to continue its alleged discrimination against the union, the organization would be wiped out of existence.

Chairman Theodore Irving Reese, of the arbitration board, will return to Columbus today. His arrival may be followed by renewed efforts for peace. It was discovered by Mayor Marshall yesterday that the board was empowered to take the initiative and summon witnesses representing both sides of the controversy for the purpose of learning true conditions. The state law does not make the decision of the board in such a case binding on either party, however.

Secretary Bishop of the board yesterday refused to discuss the possible action of the board in this particular. He confirmed Mayor Marshall's interpretation of the statute, but would not venture an opinion on the possibility of forced arbitration, through the board's legal powers.

Officials of the union yesterday issued a statement in reply to a letter received from President Pretzman of the chamber of commerce, urging arbitration instead of striking during the industrial exposition, in which they said a recommendation would be made to the mass meeting, that the men agree to arbitrate before the state board, provided representatives of the company agree to abide by the board's decision.

The men asked in the statement that if the board decided union men had been discriminated against, or that the company had encouraged or caused men in its employ to beat, assault and threaten union men, or that it had taken no steps to prevent the assaults, then that such conduct on the part of the company shall cease. They also asked that if the board found union men had been discriminated against, or that the company had encouraged or caused men in its employ to beat, assault and threaten union men, or that it had taken no steps to prevent the assaults, then that such conduct on the part of the company shall cease.

George Fields, the negro murderer, whose escape from jail Thursday night prevented his execution at West Palm Beach, was captured last night. The execution will take place Friday.

In Woman's Realm

On Tuesday June 11, one of the most enjoyable events of the season to quite a number of friends occurred at the home of Mrs. David Morrow of near Bloomfield. The organization was the celebration of her seventy-eighth birthday. Mrs. Morrow's maiden name was Margaret McGovern and she was born in Ireland and came to this country with her parents when only six years old. A beautiful dinner was served. The afternoon was spent in a social way. The decorations were red roses intermingled with white. Among friends from a distance was Rev. Mr. McCallahan from Newark, O.

Mr. and Mrs. George S. Coon and Mr. and Mrs. F. V. Butler drove to Newark Sunday in Mr. Coon's Jack-ton touring car and took dinner at Buckeye Lake. Lancaster Gazette.

Mrs. Henrietta Bush, who attended the week-end house party at L. S. Lake at Newark, reports of a very enjoyable time and tells us of a very unique porch party at the home of Mr. and Mrs. Lake, called "Gatherers." Thirty guests were present and various amusements were enjoyed. The out of town guests of the party were Mr. and Mrs. Robert Lee of Mexico City, Mexico, Mr. and Mrs. Stewart Lake of Cleveland, and Mrs. Henrietta Bush of Cambridge—Cambridge Jeffersonian.

One of the delightful events of the week, was a party given by Mr. and Mrs. Clark Cochran at their country home south of Newark. The dining table was prettily decorated with pansies, covers being laid for twenty, and a delicious four course dinner was served. The afternoon was spent in music and social conversation and at a late hour all departed for their respective homes, wishing Mr. and Mrs. Cochran many happy returns of the day.

Cards reading as follows were issued today:
Mrs. J. V. Hilliard
Thursday, June thirteenth
Miss Hilliard
Mrs. Archibald Gardner.

Most enjoyable was the dance which the employees of the Holophane company gave at the Glass Hotel, Buckeye Lake park on Tuesday evening, about fifty people participating. During the evening refreshing punch was dispensed. The event closed at the midnight hour.

The following announcements have been received in the city:
Mr. and Mrs. Charles P. Ferry announce the marriage of their daughter

The members of the Tuesday Luchre club spent a very delightful afternoon as the guests of Miss Mamie Heiple at the Heiple cottage, Buckeye Lake on Tuesday. Three tables of players progressed and the prizes were cashed.

Mr. and Mrs. J. M. James of Pine street entertained with a dinner Sunday, honoring Dr. and Mrs. Hamilton of Kankakee, Ill.

The alumni association of the Newark High School organized by the class of '09, will give the annual banquet in the dining hall of the Plymouth Congregational church on Thursday night. Preparations are being made for the phone of about 60 plates, which will not only include the classes of 1909 and 1910 but many members from the older classes. The hall is being prettily decorated with the school colors—blue and white—and a most elaborate menu of eight courses has been arranged. A program will be given at the conclusion of the banquet, and a number of prominent speakers will be present, among them being Hon. Edward Kilmer.

The association officers will be elected from the ranks of the class of 1910.

SHANNON-RODGERS.
Mr. Ben Shannon, the well known young brass molder at the B. & O. shops, who roomed at 94 East Main street, left the first part of the week for Kalamazoo, Mich., where at three o'clock Wednesday afternoon he was united in marriage with Miss Jane Rodgers, a charming young woman of that city, and who spent the winter a couple of years ago in this city with her uncle and aunt, Mr. and Mrs. L. H. Rice, the former of whom is the manager of the Meyer & Lindorf dry goods store.

Mr. and Mrs. Shannon will return to Newark the first part of next week when they will take up their residence in Elmwood avenue in a cozily furnished home which the groom has prepared.

MR. J. H. MILLER MAKES STATEMENT
Referring to the published account of the assault by three men upon Mr. J. H. Miller, the attorney, Mr. Miller said today:
"I did not mean to imply that my assailants were out of town men, for while they are strangers to me I think I have heretofore seen them upon the street, and I intimately associate my assault with threats made against me here in the city some time ago."
Mr. Miller is still confined to his home on North Fourth street, but is rapidly recovering from the assault.

Heart and Home Talks

Should a Wife Have a Personal Allowance?
A recent article on "The Husband Who Holds the Pursestrings Tight" has brought from some women protests that wives, as a rule, have all the money they want, and that the matter of a regular allowance is a nonessential of married life.
Some wives do have all the money they want, for some husbands are exceedingly generous. Other men regularly turn over their pay envelope to the wife, knowing that she is an excellent manager.
But looking at this matter in a purely impersonal way, is either of these methods the wisest or the most businesslike course to adopt? Of the two, the man who turns over his pay envelope has chosen the most sensible, if he has a prudent wife, but there is an "if" even in this path.
The woman who must depend upon the generosity of her husband lives financially from hand to mouth, so to speak. If she knows little of his business affairs, she cannot tell whether she can afford to buy a \$50 suit or had better choose a \$25 one. She buys often when the whim seizes her, trusting to luck to secure money for necessities. She is altogether without chart or compass. If the woman whose husband gives her his pay envelope is not exceedingly well-balanced, she will make ducks and drakes of his money.
In addition to these two really favored classes of women, is the great army whose husbands are not generous. The self-debasing tricks these women resort to to secure some money for their really own! Fashionable milliners and dressmakers could tell of many a woman who has hats and dresses overcharged, that she may get the rebate. Query columns in papers and magazines

Heart and Home Talks
by Barbara Boyd

are filled with letters from women asking how they can make a little money at home. "I want some money of my own," they say. A brilliant, progressive woman, rather well known publicly today, was advised by her mother-in-law, shortly after her marriage, to have bills overcharged in order that she might thus get money for herself. The wife refused point-blank; her self-respect would not permit it.
Surely better than any of these methods is the straightforward, businesslike way of knowing what the family income is and apportioning it suitably. A wife knows then what she can spend. There is no guesswork about it. She knows what she can afford, what she cannot. She has the money to take advantage of bargains. She can deny herself this in order to give herself that, or to surprise her husband or the family with some little treat or gift—and how a wife does enjoy having her own money for this purpose!
The trouble is men have an idea women do not know how to handle money or to spend it. Husbands seem to think that if their wives have a stated allowance, they will rush out to spend it in some foolish or extravagant way as soon as they receive it. But the woman who has a stated allowance really plans its spending far more carefully, and buys more economically, than the woman who hasn't. Looked at from the economical point alone, it is wise. And when one thinks of the heart-aches and hurt feelings of many a sensitive wife because of the money question in the home, it is to wonder that any man who really loves his wife lets her suffer one day longer from this condition of affairs.

EVERYONE NEEDS IT.
W. A. Erman & Son Are Having a Wonderful Sale of Thompson's Barosma, the Mighty Kidney and Liver Specific.
And no wonder, when they offer to refund your money if it doesn't cure any disease of the kidneys, liver or bladder, back ache, side ache, nervousness, or any weakness of the kidneys.
But Thompson's Barosma has made so many almost miraculous cures that W. A. Erman & Son are pretty certain not to have any returns.
Here are a few instances:
Frank K. Sturges, Sturtevant Crawford, Co. Pa., was cured of Bright's disease six years ago, and only took 6 bottles. He has had no bad symptoms since.
"I had kidney trouble and enlargement of the liver and spleen. I took Thompson's Barosma. The first bottle reduced the measurement around my stomach from 45 to 36 inches, and several bottles completely cured me."—M. S. Langford, Tyroneville, Pa.
Mrs. Fred L. belintz, of Titusville, Pa., writes that her four year old son was permanently cured of chronic bed-wetting with 3 bottles of Thompson's Barosma.
Orson Hopkins, of Townville, Pa., was refused life insurance because of kidney complaint, and told that he would not live many months. Five bottles cured him, as it has cured thousands before him and thousands since.
After suffering the terrible agony of rheumatism for 10 years, being compelled to use crutches, J. N. Dunn, Troy Center, Pa., after all hope had left him and he had no faith in any remedy, took 6 bottles of Thompson's Barosma, threw away his crutches, and went to work for the first time in 10 years.
These statements are absolutely true, and the Thompson Medical Co., Titusville, Pa., will prove it. Then why should anyone suffer in the face of such facts. How can they suffer when W. A. Erman & Son guarantee to refund the money if a cure is not effected. Thompson's Barosma, 50 cents and \$1.00 a bottle.

ORGAN RECITAL
TUESDAY EVENING
BY PROF. MASON
Not as a stranger, but as an old friend was Edward Young Mason, professor of organ at Ohio Wesleyan University, greeted at the recital given in the First Presbyterian church Tuesday evening, where a large assemblage listened to his masterly efforts. Prof. Mason needs no introduction in Newark, as he has been in this city which he has dedicated, the Methodist, Baptist and First Presbyterian, and it is needless to say that he was enthusiastically received. His program was a well chosen one, and the numbers varied in style sufficiently to show off the excellence of the organ as well as well as the ability of the organist.
Prof. Mason was ably assisted by Master Byron Mitchell, the noted boy soprano of this city, and the lad received the same hearty applause that is given him wherever he is heard. As the choir master of Grace church, New York City, has said, that this child will be the wonder of the country within a couple of years, is plainly realized by the many local people whom he has entertained in his sweet voice, so full of expression that it is marvelous for one of his years. To the delight of his audience, he responded to a number of encores.

WON OUT ON 163D BALLOT
Logan, O., June 22.—The Republican senatorial convention for the 9th and 11th district after being in session for two days and casting 163 ballots up to last night without result, convened again today and on the ballot first cast, Dr. James Ball Naylor of Morgan county was nominated. The vote being Naylor 62, Crawford 54. Fifty-nine votes were necessary to nominate. There were five candidates before the convention. Crawford of Athens, Whitecraft of Hocking, Archer of Noble, Cook of Washington and Dr. Naylor.

If you have a grain of doubt, if you are not fully informed, if you have supported any other claimant for North Pole honors, if you have become tired of the whole subject, BE FAIR to Commander Peary and read the July installment of "Peary's Own Story" which PROVES HE GOT THERE! You will be thrilled by the narrative—the awful sledge journey—crossing "leads" on ice rafts—Borup's rescue of the dog team—the separation of the ice in the middle of Peary's camp—the hardships, the mental torture, and the magnificent courage of the expedition—and all the rest. And you will be convinced—you will know the truth, which is what you want as a fair and square American.

"Speaking of Widows and Orphans"
The most dramatic chapter in Charles Edward Russell's series on the Central Pacific Millionaire Mill. It is the story of the settlers who lost their lives in their contest with the railroad power, and contains the pitiful recital on the witness stand of Mrs. Colton, the widow of Hunt- ton's friend, who was robbed of her husband's millions.

"The Speed Kings"
Intimate, personal stories by Edward Lyell Fox about the world's greatest automobile drivers and their flirtations with death. An article that is full of the lure of speed, the glamour of racing, the atmosphere of the road race, the thrilling acts of dare-devil drivers, side lights on the great automobile contests of the century.

"A Fighting Chance for the City Child"
Every parent—every intelligent man and woman—will have a personal interest in this simple and forceful account by Rheta Childie Dorr of the modern life-savers, the nurses and teachers who work to give "a fighting chance" to thousands of sickly and defective children—the future mothers and fathers who have had a false start toward health.

"Chantecler"—In English!

The world is talking about it, the world wants to read it. All America is reading it—your friends, your neighbors, everybody around you, and you can read it in English in "HAMPTON'S" only. This great drama, with its characters of birds and fowls—its brilliant wit—its delightful slang—is the most fascinating piece of writing that has appeared for decades. How human nature is parodied—so kindly yet so truthfully! No work of fiction ever contained a love story like that of "Chantecler" and his hen pheasant. For youths, maidens or grown-ups, this wonderful play by Edmond Rostand has intense delight, truest humor, wise counsel, the secrets of life.

A LOOK AHEAD

DON'T BE THIN.
No Need of Being Scrawny, Weak and Emaciated.
Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use **SANOS**, the great flesh-forming food. Weigh yourself before commencing to use these little tablets and see how your weight increases.
Sanos has valuable flesh-forming and tissue building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.
W. A. Ertman & Son, the popular druggists, have sold in the last few weeks a great many packages of Sanos, every one with their personal guarantee to refund the money if it did not give satisfaction, and have had but one person ask for the money back.
Sent postpaid on receipt of price, 50 cents.
Social to be held at the North Newark C. U. church Friday evening, June 24. Ice cream, cake and strawberries 10 cents. 2043.

FIFTH DEMOCRATIC JUDICIAL CIRCUIT COURT CONVENTION
At a meeting of the Democratic Fifth Judicial Circuit Court Committee, held in Newark, Ohio, March 11, 1916, it was ordered that the Democrats of said Fifth Judicial Circuit of Ohio, meet in Delegate Convention at Coshocton, Ohio, on Wednesday, June 29th, at 10 o'clock a. m. to nominate a candidate for Circuit Judge for said judicial circuit, for the full term. Each county will in said convention be entitled to one delegate and one alternate for each 500 votes cast for Judge Harmon for governor of Ohio, at the November election, 1908, and one additional delegate and alternate for the remainder of votes exceeding 500. The following are the counties comprising the Fifth Judicial Circuit and the number of delegates to which each county is entitled:

Ashland	7
Coshocton	9
Delaware	7
Fairfield	12
Holmes	6
Knox	9
Licking	16
Morgan	4
Morrow	4
Muskingum	14
Perry	8
Richland	13
Stark	28
Tuscarawas	14
Wayne	10

The Judicial Committee selected M. A. Daugherty of Lancaster as temporary chairman, and John C. Adams of Coshocton as temporary secretary of the convention.
By order of the Judicial Committee.
E. M. P. BRISTER, Chairman.
J. C. ADAMS, Secretary.

NEWARK SHOULD HAVE PUBLIC PARKS AND PLAY GROUNDS
Ed. Advocate: I have been reading with great interest the proposition of Mr. Eli Hull to convey his property on West Main street to the city of Newark for a public park and playground and a city library. No where in our city is there sufficient provision made for such purposes. And our city is growing rapidly, becoming more crowded, taking on the conditions of larger city life, with its privations and need for parks and breathing places. We would do well to look ahead and provide such things now, and not wait until it is impossible to the city. It is interesting to see what other cities are doing along this line. Boston has a well defined plan to create a vast park system, with the old "Common" as the center. It is to extend out from this center for 20 miles, and millions are to be spent. Boston believes in spending money for the finer things for her people. Playgrounds are to be found in all parts of the city, full of happy children. A great public library and art gallery, side by side, are the very center of Boston's intellectual and artistic life. New York has torn down great blocks of buildings to provide playgrounds and even garden patches where children can plant and grow vegetables for their pleasure and education. Jacob Riis will tell you about it, how he has fought the battle against greed, for the children of his adopted city. New York has preserved her magnificent Central Park, no matter what land values run to in the race for gold and space, and now she has reached out along the noble Hudson and saved fifty miles of Palisades and rugged mountains from the rule of the quarryman. These treasures of nature, once blasted away, could never be restored, and it is to the credit of the great city that they will stand forever to cheer her people. American cities are generally awakening to such public necessities. Columbus has three grand parks, Goodale, Schiller and Franklin, and is planning a system along the storage dam.
Is it not high time that the city of Newark was making some headway along this line? There should be a park on every one of the four sides of this city. It would pay far better than some other expenditures of tax money. Many of our people work amidst the roar and rattle of machinery. They come away from these shops with dulled brains. Why should we not provide restful places where they need not hear the screech of a merry-go-round organ, but can have an hour of real quiet. A place where children can romp and play and not be run down by a wagon or motor. And why should we not provide a public library that shall be a credit to this community?
Mr. Hull has opened the way for a splendid beginning in this matter. He has carefully preserved in the very midst of a rapidly growing city a priceless treasure. The ancient earthwork, which is a very crown adorning his place, should never be destroyed. And that clump of stately old trees—where is there a more beautiful sight? Nowhere in Newark or in any other city is there such a setting for a public library. The architecture of that splendid home in the ancient circle has not been outlived by fickle fashion. It is in a class of its own, and will stand for generations, a graceful, beautiful, dignified building. Any man will be proud to point it out as the public library of Newark.
And now Newark has the opportunity to preserve this historic ground, the home alike of an ancient people and also of a pioneer in the development of Licking county and the city of Newark, both well worthy of preservation, and in doing this, to serve the people in a marvelously useful way. It seems to me that this should be done. That we should save this fine old place for all the boys to come. We can't afford to lose it, and it will be to the shame of Newark if we neglect this opportunity.
HARRY J. HOLCOMBE.

MEETING OF SCHOOL BOARD TUESDAY EVE.
The board of education met in regular session Tuesday evening with Members Beers, Brown, Conrad, Miller and Keller present, and after a number of business matters were disposed of, they adjourned to have a called meeting for next Tuesday evening, when it is hoped that all members will be present, so that the matter of action for the superintendent may be taken.
A number of resignations were presented to the board last evening, those of A. L. McCarry, teacher of mathematics in the fifth school; Miss Adella Scatterday, teacher of English in the high school; Miss Marion Jones, teacher of domestic science in the high school; and Miss Bertha Brown, teacher in the West Newark school. They were received and accepted by the board.
Miss Lucas is going to Los Angeles, Cal., where her parents reside, and where she has accepted a position in the schools there at a salary of \$1000 a year. The superintendent appointed Miss Keller of Zanesville to succeed her. Miss Keller is a graduate this year from the O. S. U. Miss Clara C. Ewald was appointed by Super. Snickles to fill the vacancy in the English department made by the resignation of Miss Scatterday and her salary was fixed at \$1500 per year. Miss Ewald is the daughter of O. S. U. and has the degrees of A. B. and M. A. She spent two years assisting the professor of English in O. S. U. and has taught English in the Marion high school for the past seven years. She comes highly recommended. Misses Pearl Mercer, Sadie Davis, Stella Daly and Elizabeth Robbins were appointed to fill other vacancies, assignments to be made later. All appointments were confirmed by the board.
A petition was received from the women teachers of the high school, asking for an increase in salaries.

TRAP SHOOTER MAKES RECORD
Chicago, June 21.—Honors were today showered on John W. Garrett of Colorado Springs, Colorado, who established a new world's record when he broke 100 straight targets in the first preliminary to the American handicap to be played now in progress at the Long Beach range.
Garrett completed in five hours, firing at ten miles of doubles and thirty single targets yesterday. W. H. Brown of Graham, Okla., and H. E. Freeman of Adams, Okla., tied for the next highest honor of the day, each breaking ninety-four birds out of a possible hundred. C. W. Foxworth of Decatur, Ill., and R. A. King of Delta, Colo., with each were fifteen above the amateur marksmen.
Garrett's feat has never been equaled in history of trap shooting tournaments. Better scores have been previously made, but not with one of the events of the match a double bird shot.
Five Bull Terrier entries for the Grand American handicap, which takes place tomorrow, expired last night with forty-two non-finishes.

Think of Last Summer--
You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The
New Perfection
Oil Cook-stove
does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.
The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.
Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.
